The dumu-mí en belongs to the most recent group of princesses. For the dam ábba, see the table in Milano, *ARET IX*, p. 144, referring to text 47, and the commentary at pp. 151 (8), 155 (11)-(19). In the documents of the archive L.2712 all the occurrences of the name *Ga-du-wa-du*, refer probably to the same person, see the table in *ARET IX*, pp. 179-181.

The dumu-nita en should be one of the Irkab-damu's son, see Archi, *Amurru* 1, p. 108. The lugal (probably also in III 763 r. I 3') was active during the mandate of the minister Ibbi-zikir, see Archi, *VO* 10, p. 55. Also the son of Iram-damu was active in this period. The pa₄-šeš en (see Archi, *VO* 10, p. 64) was this son of Iram-damu. For the šeš-II-ib, see Archi, *Eblaïtica* 4, p. 36.

Gi-li-im / *Ki-li-im* lugal, attested in FN 2 [1-3] and [5], was active in the time of ministers Darmia and Tir, see Archi, *VO* 12, pp. 50 and 53. *Ki-li-im* of *Wa-(a)-ra-an*^{ki} appears in a document (FN 3 [3]) of the 1st year of minister Ibrum; he could be therefore the same official. Notice that VII 154 (Rel. 1 [1-2] and FN 3 [1]), opens with: ugula *Wa-la-nu*^{ki}. For an analysis of texts presenting a similar typology, see Milano, *Amurru* 1, p. 153 ("enregistrement de la troisième quote-part des fils de Gia-Lim"), and Catagnoti, *MisEb* 4, p. 128 and n. 66, who already suggested that *Gi-li-im* has to be identified with *Ki-li-im* of *Wa-ra-an*^{ki}.

Ki-li-im in FN 2 [4] could be a homonym, because attested in a document to be dated to the 17th year of minister Ibrum.

Gi-ri is a hypocoristicon of *Gi-ir-da-mu*, see *ARET* XVI, p. 168. For *Gi-ri* and *Gi-ir-da-mu* dumu-nita *Ib-ri-um*, see Archi, *ARES* I, p. 233. Archi, *SMS* 5/2, p. 23, suggests the possible identification of *Gi-ri* in 82.265 with the Ibrum's son. Notice in Rel 2 [34] the writing *Gi¹-ri*. *Gi-ri* in *MEE* 10 29 may also be a dumu-nita Ibrum (the preceding allotment is for Ṭubuḥu-Adda dumu-nita Ibbi-zikir).

It is perhaps possible to identify a single personality among so many occurrences of this name. According to: Oth [2], a *Ki-ti-ir* was chief of "couriers" (*kas₄*), together with *Ḥa-ra-i(l)*. This document has to be dated to the 5th year of minister Ibbi-zikir. Many of the passages listed under Dp, concerning people who were "representatives" (*maškim*) of *K.*, are also to be dated to that minister. We can deduce, therefore, that they were couriers of the same *K.* It is impossible to prove that this *K.* was the *ugula ká* or *šeš-ii-ib kéš-da SA-ZA₆^{ki}/ká-ká* in FN. For the *lugal*, see Archi, *VO* 12, pp. 53 and 57. For *IGI.DU* in FN 1 [1] cf. LL 719 (Conti, *Miscellanea Eblaïtica* 3, p. 184).
